Prompting strategies GraphDB with LLM

In the previous section, when we ask a prompt the chain is creating a cipher query and getting the results internally. But sometime this is not accurate, in order to make it efficient we need to follow some prompt strategies. Where you will write question and queries, where LLM will get an idea how to query the DB

examples = [

```

{
    "question": "How many artists are there?",
    "query": "MATCH (a:Person)-[:ACTED_IN]->(:Movie) RETURN count(DISTINCT a)",
},
{
    "question": "Which actors played in the movie Casino?",
    "query": "MATCH (m:Movie {{title: 'Casino'}})-[:ACTED_IN]-(a) RETURN a.name",
},
{
    "question": "How many movies has Tom Hanks acted in?",
    "query": "MATCH (a:Person {name: 'Tom Hanks'})-[:ACTED_IN]->(m:Movie) RETURN
count(m)",
},
{
    "question": "List all the genres of the movie Schindler's List",
    "query": "MATCH (m:Movie {{title: 'Schindler\\'s List'}})-[:IN_GENRE]->(g:Genre) RETURN
g.name",

```

```

    },
    {
        "question": "Which actors have worked in movies from both the comedy and action
genres?",
        "query": "MATCH (a:Person)-[:ACTED_IN]->(:Movie)-[:IN_GENRE]->(g1:Genre),
(a)-[:ACTED_IN]->(:Movie)-[:IN_GENRE]->(g2:Genre) WHERE g1.name = 'Comedy' AND
g2.name = 'Action' RETURN DISTINCT a.name",
    },
    {
        "question": "Which directors have made movies with at least three different actors named
'John'?",
        "query": "MATCH (d:Person)-[:DIRECTED]->(m:Movie)<-[:ACTED_IN]-(a:Person) WHERE
a.name STARTS WITH 'John' WITH d, COUNT(DISTINCT a) AS JohnsCount WHERE
JohnsCount >= 3 RETURN d.name",
    },
    {
        "question": "Identify movies where directors also played a role in the film.",
        "query": "MATCH (p:Person)-[:DIRECTED]->(m:Movie), (p)-[:ACTED_IN]->(m) RETURN
m.title, p.name",
    },
    {
        "question": "Find the actor with the highest number of movies in the database.",
        "query": "MATCH (a:Actor)-[:ACTED_IN]->(m:Movie) RETURN a.name, COUNT(m) AS
movieCount ORDER BY movieCount DESC LIMIT 1",
    },
}
]

```
